Rak-Su

Rak-Su, Rak-Su, Rak-Su

Riccardo... Riccardo!

Didn't wanna get it  
Didn't wanna get it  
Didn't wanna get it when I  
Said they didn't wanna get it when I  
Didn't wanna get it when I  
Didn't wanna get it when I got it when I drop it  
Everybody want a taste like its candy that I'm poppin'

I don't touch down no basics  
Face it, I just come here to ace it  
Lace it, with a mad flow I'm breaking  
Faces, stealing nights like the day is

They is, so upset 'cause they're dated  
Waited, patiently but they faded  
Hated, blatantly when we made this  
Stated, shamelessly we upgraded

I don't come through pedantic  
Ride my German whip down to Paris  
I ain't at fault for my antics  
Flow come colder than the Atlantic

Atlantic, Don't get lost like Atlantis  
Planned this, to eat them like a sandwich  
Mad tip, pray on 'em like a mantis  
Get away a scott free like I am travis

Didn't wanna get  
Didn't wanna get  
Didn't wanna get when I got when I got like  
Didn't wanna get  
Didn't wanna get  
Didn't wanna get when I got when I got like  
Didn't wanna get  
Didn't wanna get  
Didn't wanna get when I got when I got like  
Didn't wanna get it when I got it when I drop it  
Everybody want a taste like its candy that I'm poppin'

Ok, let me start it off properly  
Costly, my flow come like a currency  
Stop me? Oh no, charged up ta rah's g  
Build my empire, taraji

Team come stronger than Hulk does  
Know us, we don't roll round on roads cause  
Big team carry weight upon shoulders  
Rak-Su don't you know, know about us

My rhyme schemes are simple, pimple  
Bars get popped like a pringle, pot  
I'm going in like a dimple, real talk

Man don't crash like a symbol (crash!)

The game is different without us  
Doubt us, we are better without ya  
Now just, watch us drop from the clouds bruh  
Hit ground, kill the sound so don't doubt us

Didn't wanna get  
Didn't wanna get  
Didn't wanna get when I got when I got like  
Didn't wanna get  
Didn't wanna get  
Didn't wanna get when I got when I got like  
Didn't wanna get  
Didn't wanna get  
Didn't wanna get  
Didn't wanna get when I got when I got like  
Didn't wanna get it when I got it when I drop it  
Everybody want a taste like its candy that I'm poppin'

Didn't wanna get
