

## Into It

Rak-Su

If you're into it  
I'm into it  
Yeah, let's get back to the motion  
Body drippin' in emotion

Reminiscing how we used to be  
Jump in your whip and baby come cruise to me  
You're used to me  
And usually we usually speak  
When it's late night and I'm usually free  
So  
So let's just kick it in the now  
Connect with your body, let me feel you in and out  
Whoa, from you I can't detach  
I'm missing what we had so let us make it what we have

Come on over  
Let me take the world offa your shoulders  
I know we never got closure  
Let's not waste time, we're only getting older

If you're into it  
I'm into it  
Yeah, let's get back to the motion  
Body drippin' in emotion  
If you're into it  
I'm into it  
Yeah, let's get a little closer  
It ain't over 'til it's over

Are we still playing games?  
Are we feeling the same?  
You know we've been back and forth  
Girl, right now the ball's in your court  
You and I been in it for a minute  
To love let's pay a visit  
I swear there ain't a limit for the feelings  
That we got me thinking 'bout you a lot  
You're always there to lift me up so how could I let us drop?

So come on over  
Let me take the world off of your shoulders  
I know we never got closure  
Let's not waste time, we're only getting older

If you're into it  
I'm into it  
Yeah, let's get back to the motion  
Body drippin' in emotion  
If you're into it  
I'm into it  
Yeah, let's get a little closer  
It ain't over 'til it's over

You tell me you're scared, I'm nervous as hell  
We've been here before and it didn't end well  
But I can't let you go and you won't shut me out

So that means there's something here if we get rid of doubt  
Maybe if we try, really give it all  
We could be like you, something beautiful  
So tell me how you feel, do you reckon we could win?  
'Cause baby if you're into it, then I'm in

If you're into it  
I'm into it  
Yeah, let's get back to the motion  
Body drippin' in emotion  
If you're into it  
I'm into it  
Yeah, let's get a little closer  
It ain't over 'til it's over  
(Yeah)

(Say you're into it)  
Tell me that you're into it, sugar  
(Say you're into it)  
Know you won't forget it, girl  
(Say you're into it)  
Tell me that you're into it, sugar  
(Say you're into it)  
You're into it
