La Bomba

Rak-Su

Shaped like a guitar, what a sexy melody
She make my heart go bom-bomba-bomba-bomba me
(Rak-Su, Rak-Su, Rak-Su)

This girl got me feeling like tic-tic-boom
Blow me away like a quick monsoon
Drew me in like a new cartoon
One look got me hooked like an old harpoon
Girl, I love the way your body whine down low
Backin' up your bumper got me bubblin' "oh"
That there's a beautiful view
Hey girl, let me get to, get to know you

Don't you worry now, I can enter ya
Girl, you know I got stamin-amina
Light it up and watch it glow

Shaped like a guitar, what a sexy melody
She make my heart go bom-bomba-bomba-bomba me
She's wrapped inside my arms when she dancing in the streets
She make my heart go bom-bomba-bomba-bomba me
(Ch-ch-ch) La bomba

(Ooh, ooh-oh) Bomba, bomba, bomba me
(Ooh, ooh-oh) Bomba, bomba, bomba me
(Ooh, ooh-oh) Bomba, bomba, bomba me
(Ooh, ooh-oh) Bomba

Bom-bomba, bomb the bom-bomba
If I get blown by you—woo, I'm a goner
No longer, can't wait no longer
Roll with the moons and me you like goin' stronger
You're all I see, like a Crip is
The trick is to get close to you and make you my Mrs.
If I miss this, then my head gone missing
Your bats got bats, let's get back to business, uhh

Don't you worry now, I can enter ya
Girl, you know I got stamin-amina
Light it up and watch it glow (Let's go, let's go)

Shaped like a guitar, what a sexy melody
She make my heart go bom-bomba-bomba-bomba me
She's wrapped inside my arms when she dancing in the streets
She make my heart go bom-bomba-bomba-bomba me
(Ch-ch-ch) La bomba

(Ooh, ooh-oh) Bomba, bomba, bomba me
(Ooh, ooh-oh) Bomba, bomba, bomba me
(Ooh, ooh-oh) Bomba, bomba, bomba me
(Ooh, ooh-oh) Bomba

Ooh, don't mean to be rude, even sippin' your juice, yeah-yeah (My bae, my bae)
No attitude, oh you wanted to, yeah-yeah (My, my bae)
