Rak-Su

Take your time, take your time with me  
Handing you my heart and its yours to keep  
Are you the one that he sent for me  
Cause your curves and your words make a lasting impression

And I don't wanna fall to sleep  
You make real life feel like fantasy  
I'm wide awake living out my dreams  
So baby take your time with a masterpiece yeah yeah

Your hand crafted by the gods, girl you an angel in disguise  
Real bad girl left me mesmerised  
Two kids 1 baby mother, I ain't looking for another love  
You are everything I could ever need in life  
A work of art you should be in the Louvre  
That's the truth, priceless, nobody can buy you  
Unruly, every aspect of you is true beauty  
Beauty yeah

Take your time, take your time with me  
Handing you my heart and its yours to keep  
Are you the one that he sent for me  
Cause your curves and your words make a lasting impression

And I don't wanna fall to sleep  
You make real life feel like fantasy  
I'm wide awake living out my dreams  
So baby take your time with a masterpiece yeah yeah

Lately I find I ain't feeling myself  
Cause I don't wanna let my body feel on anyone else  
The way my heart been palpitating this ain't good for my health  
I'm even tryna show you off, I'm used to moving in stealth  
Its getting deeper as the weeks go by  
Can't get you off my mind and I don't know why  
It could be the conversation, and I love how you write  
Or it could be the things we're doing in the still of the night  
Cause everything about you feels so different its a whirlwind  
At the same time natural like a bird sings  
In a labyrinth cause I'm lost in the thought of you  
Pray God tells me what to do  
Few months we'll be in the Caribbean  
I had a real bond but I know one when I em  
You an artist girl, take your time gimme  
And I promise that I'll make our lives a masterpiece

Take your time, take your time with me  
Handing you my heart and its yours to keep  
Are you the one that he sent for me  
Cause your curves and your words make a lasting impression

And I don't wanna fall to sleep  
You make real life feel like fantasy  
I'm wide awake living out my dreams  
So baby take your time with a masterpiece yeah yeah
