Oh my, y, y you caught my eye  
Don't know your name but nice to meet ya (hello)  
Mona Lisa (Ohhh)

Just met girl I don't even know your name  
But I had to check you out like a board game  
A work of art when you smile, hallelujah  
A masterpiece they should put you in Le Louvre  
Okay, how am I in love when we only just met?  
Girl you paint a picture that I haven't seen yet  
Bidding for your love cause you know that your Belle  
And every man in here still wants you as well

(Crazy, crazy) Can't say how it feels  
(Crazy, crazy) But I know that it's real  
Deep is emotion, short is the time  
Got me in love before the paint dries
