Step back, it's a pyro ting
Warm your hands, it's a pyro ting
Back, it's a pyro ting
Wipe your sweat one more time
Step back, it's a pyro ting
Don't get burned, it's a pyro ting
It's a pyro ting
Pyro ting, [?] pyro ting
Bow, bow
Bow, bow

When I step up in the place I make it hotter than a flame
Smile upon my face 'cause everybody know my name
My seasoning is fresh so you know I got this sauce
Packin' chili, packin' zest
So you know it's hot, of course
Oh wow!

Come on, girl, I said I got this sauce
Bust a couple moves as I glide across the floor
And you don't wanna battle 'cause I never take a...

Feels like the hottest vibe...
It's 'bout to blow your mind...
Light up the streets tonight
[?] the funk and grind
Let's set the place alight..

Step back, it's a pyro ting
Warm your hands, it's a pyro ting
Back, it's a pyro ting
Wipe your sweat one more time
Step back, it's a pyro ting
Don't get burned, it's a pyro ting
It's a pyro ting
Pyro ting, [?] pyro ting
Bow, bow
Bow, bow
Bow, bow
Bow, bow

I step in the dance, me and my team we lightin' it up
'Cause trust, pyro ting [?]
Let's get chucked, we got the sauce

Light up the dance like we Charizard
And a gyal move when the bass hit hard
Tell me ya
Oh wow!
Come on, girl, you know I got that presence
It's locked down from L.A. to Essex
Pyro, pyro, you get the message
Rak-Su music teachin' lessons
(Rak-Su music teachin' lessons)

Feels like the hottest vibe...
It's 'bout to blow your mind...
Light up the streets tonight
[?] the funk and grind
Let's set the place alight..

Warm your hands, it's a pyro ting
Back, it's a pyro ting
