

## Role Play

Rak-Su

If love is a game  
I wanna role play with you  
Don't hesitate  
Girl we can break all the rules  
Show me something  
Them peaches or that pumpkin, yeah  
If love is a game  
I wanna role play with you

Picking up the pieces, what's your weakness?  
Chess, not Checkers, you're my queen  
If you stay with me on Eden, for the evenin'  
Or a girls' night, baby, we can sleep in, yeah yeah yeah  
Don't mind your dreamin', yeah yeah yeah  
Date night we creepin', yeah yeah yeah  
Just tell me what you're needin'  
Got that king size bed that we can sleep in, yeah yeah yeah

You want me, first to three  
Round and around we go  
You want me, what a fantasy  
Round and around we go

If love is a game  
I wanna role play with you  
Don't hesitate  
Girl we can break all the rules  
Show me something  
Them peaches or that pumpkin, yeah  
If love is a game  
I wanna role play with you

Automatic, so dramatic  
I wanna role play with you  
Automatic, I'm an addict  
I wanna role play with you  
Automatic, so dramatic  
I wanna role play with you  
Automatic, I'm an addict  
I wanna role play with you

Girl tell me what you're into, I'm a fortune teller  
So I tell you right now, I see a lotta me in you  
But it's more than that, it's more than wax  
And plus I know about all the things that you have been through  
You can play Bonnie, I can be your Clyde  
Got some robbers, it don't matter 'cause I'm by your side  
No games round here, they say no RPG  
But I'll role play with you, shoot your shot with me, yeah

You want me, first to three  
Round and around we go  
You want me, what a fantasy  
Round and around we go

If love is a game  
I wanna role play with you

Don't hesitate  
Girl we can break all the rules  
Show me something  
Them peaches or that pumpkin, yeah  
If love is a game  
I wanna role play with you

Automatic, so dramatic  
I wanna role play with you  
Automatic, I'm an addict  
I wanna role play with you  
Automatic, so dramatic  
I wanna role play with you

I wanna role play with you
