

Rotate (Clockwise)

Rak-Su

I just wanna see you rotate both ways
I just wanna see you rotate slowly

(Baby, make your body go)
Damn, you're really looking like a snatch up
Picture perfect and you really make the back drop
Time will tell if I have hit the jackpot
Mac you down, back it up on my laptop
The clock is slowly ticking so let's kick it for a minute
Get up in it, wining to the rhythm
If I have you, girl, I'm winning
Whilst you're rotating and spinning
Left right, left right, bring it up and then dip it

One time, let me put it 'pon ya
Two times, let me put it 'pon ya
Three times I try, you caught my eye
You know what's on my mind
One time, let me put it 'pon ya
Two times, let me put it 'pon ya
Three times I try, you caught my eye

I just wanna see you rotate both ways
I just wanna see you rotate slowly
Why you acting so shy?
Come and take the spotlight
Can you do it both ways?
Let me see you rotate

Baby, make your body go clockwise, anticlockwise
Baby, make your body go clockwise, anticlockwise

I wanna see your body rolling, rolling
You're wavy like the ocean, ocean
You got me feeling that emotion, motion
You got the juice and the potion, potion
Your body tick like tick tock, tick-tock
You move right, don't stop, don't stop
Your waistline looking so fine on mine, on time
Rewind anticlockwise

One time, let me put it 'pon ya
Two times, let me put it 'pon ya
Three times I try, you caught my eye

I just wanna see you rotate both ways
I just wanna see you rotate slowly
Why you acting so shy?
Come and take the spotlight
Can you do it both ways?
Let me see you rotate

Baby, make your body go clockwise, anticlockwise
Baby, make your body go clockwise, anticlockwise
Baby, make your body go clockwise, anticlockwise
Yeah, clockwise, anticlockwise
Yeah, clockwise, anticlockwise

Yeah, clockwise, anticlockwise

Wine slow, dip slow
While we dance to reggae and calypso
And let me grab up on your hips so
Ay girl, let me grab up on your hips so
Wine slow, dip slow
While we dance to reggae and calypso
And let me grab up on your hips so
Ay girl

I just wanna see you rotate both ways
I just wanna see you rotate slowly
Why you acting so shy?
Come and take the spotlight
Can you do it both ways?
Let me see you rotate

Baby, make your body go clockwise, anticlockwise
Baby, make your body go clockwise, anticlockwise
Baby, make your body go clockwise, anticlockwise
Yeah, clockwise, anticlockwise
Yeah, clockwise, anticlockwise
Yeah, clockwise, anticlockwise
