

Temporary Love

Rak-Su

How could you be so heartless
You're like a broken promise
You play these games to pass the time
Ooh yeah
Don't even get me started
Oh can we just be honest
I need to know what's on your mind
Ooh yeah

Only call me when you're drunk and lonely baby
When you're sober you don't say enough
Ooh
I don't want to be the one who's always chasing
No I don't want this temporary love
This temporary

La la la la la la la
La la la la la la la
La la la la la la la love
This temporary

La la la la la la la
La la la la la la la
La la la la la la la love
This temporary

Don't try to sell me these lies
The truth don't live in your eyes
I don't believe a word you say
Ooh yeah
Say what you want it's over
Don't try to pull me closer
You apologize but it's too late

Only call me when you're drunk and lonely baby
When you're sober you don't say enough
Ooh
I don't want to be the one who's always chasing
No I don't want this temporary love
This temporary

La la la la la la la
La la la la la la la
La la la la la la la love
This temporary

La la la la la la la
La la la la la la la
La la la la la la la love
This temporary

Don't try and pull me closer
Ooh yeah, ooh yeah
Don't try to tell me these lies
These lies, this temporary
Don't try and pull me closer
Ooh yeah, ooh yeah

Don't try to tell me these lies
This temporary

You want a full-time time lover that's 9-5
Or a late night lover to change your life
You left got bored came back again
We said one more but that depends
Are you really gonna tell me that
You're gonna turn your back
Because we never chat
You say it's more than that
I say it must be cap
You ain't throwing this away
You better throw that back uh
When I come round
Yeah it's in the night time
But I make your skin glow
Looking like the sun shine
When we go out on the town
We shut the place down
They know we're in the house
Like the hi hat sound
Pure fun
Forget trust
We like the distance
It builds up the lust
Heat in the sheets
It's like a 45 buss
Now you're burning

This temporary
La la la la la la la
La la la la la la la
La la la la la la la love
This temporary

La la la la la la la
La la la la la la la
La la la la la la la love
This temporary

Don't try and pull me closer
Ooh yeah, ooh yeah
Don't try to tell me these lies
These lies, this temporary
Don't try and pull me closer
Ooh yeah, ooh yeah
Don't try to tell me these lies
This temporary
