

# Thunder

Rak-Su

Sprung off your body, but there's something telling me that I'm in a likkle danger

'Cause you're a baddie and I love the way you tease me, that tropical flavor  
Exotic vibe in your eye, girl, you got that curve like Brazil  
Your beauty don't stop and your rainforest topped with wild sex appeal

Like the way she whine her waist, 'bout to take me under  
Body drip like summer rain, keep moving that bumper

Trouble in paradise, hit me like thunder (Oh-way-oh)  
She move her hips left to right, hit me like thunder (Oh-way-oh)  
Tempted to touch and tease, she'll pa-rum-pa-pum like drummer (Oh-way-oh)  
Trouble in paradise, hit me like thunder  
Hit me like thunder  
Hit me like thunder

The way you whine your waist got my head messed up  
Tight fitted dress on you, got dressed up  
Trouble in paradise, said I  
Saw you from the moment you stepped up  
To the floor, you're all that I see  
Hands up, and I mean I see you  
Good girl, but you're bad, less stressed, heyo  
Know what coming down, don't need no heads up

Like the way she whine her waist, 'bout to take me under  
Body drip like summer rain, keep moving that bumper

Trouble in paradise, hit me like thunder (Oh-way-oh)  
She move her hips left to right, hit me like thunder (Oh-way-oh)  
Tempted to touch and tease, she'll pa-rum-pa-pum like drummer (Oh-way-oh)  
Trouble in paradise, hit me like thunder  
Hit me like thunder  
Hit me like thunder

Where you from? What's your name?  
You look tropical with the face and the frame  
Where you from? What's your type?  
You ain't left yet, I must be doin' alright  
Over you come, dancin' again  
Hot sweat drippin' like Arabian rain  
Where you from, you know you look bad  
It's like thunder when you look like that, like that, like...

Like the way she whine her waist, 'bout to take me under  
Body drip like summer rain, keep moving that bumper (Keep moving that)

Trouble in paradise, hit me like thunder (Oh-way-oh)  
She move her hips left to right, hit me like thunder (Oh-way-oh)  
Tempted to touch and tease, she'll pa-rum-pa-pum like drummer (Oh-way-oh)  
Trouble in paradise, hit me like thunder  
Hit me like thunder  
Hit me like thunder
