Ciao bella, como estas  
Comment ca va  
Origato wanna come  
Home avec moi

I can barely hear a thing  
There's too much bass  
Only need one language here  
Let go and let your body translate

Let's get it started  
Girl, if you want it  
I ain't playing no games  
No games

Let's skip the talking  
And take a shot before you say my name  
Say my name

Ooh, it's a feeling  
We didn't know we needed  
Me and you meeting  
Now, we're walking on ceilings

Just tell me you feel it  
Oh. What is this meaning?

I don't understand what you're saying

I don't understand your words

But, damn, I understand your curves  
Pure greatness  
Greatness  
The way you bite your lip  
And the way you wind those hips  
Curvaceous  
Big cigars  
Havana Club  
Give me the cue to leave the bar  
Dancing sexy to baile fuck  
I never thought it would look so gracious

Down to the ground  
Wait for the reload  
Mad  
And you're bad to the bone  
The way you say "Te quiero"  
Got me thinking I should get you home
