

Squares

Raleigh Ritchie

I'm riding on this wave
I don't know how to misbehave
I've never been arrested
I've never been that invested babe
But let's investigate

Drugs are cool, fuck school
Nothing's impossible, fuck rules
Fuck a song, just sing it wrong
'Cause I think I'm in love

I've never been the type
I've never fed a line in my life
Living on a knife's edge, I decline

Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares

When I fall on my face
All I need is your embrace
You are my happy place
I've never been gentle
I've never been sentimental, babe
But now I lament all day

Drugs are cheap, so let's eat
We could be anomalies and just 'be'
Fuck a beat, let's just speak
When we're lazy we reach peak, yeah

I've never been the type
I've never fed a line in my life
Living on a knife's edge, I decline

Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares

Life's too hard, fuck being cool, we make the rules
So let's just be bold, let's just get old and eat Haribo

Let's be squares in a round world
Let's be squares in a round world
Let's be squares in a round world

Let's be squares in a round world

Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares in a round world (Baby)
Let's be squares in a round world
Let's be squares

We could be old and eat Haribos
