

Don't Be Madd

Ralo

Yeah, Famgoon, Boosie Badazz

I drop the top on the bitch, 60k on my wrist
And if you talking 'bout money, put my name on that list
I give my [?] a kiss, but I ain't kissing no [?]
Don't ever shoot and you miss, 'cause if you miss that's your life
I spent a million on jewelry, I spent a million on cars
I spent two million for Pakistan, that shit from Akhbar
Every dollar I get, I break that shit down to new
I never [?] with a crew, I look out for my niggas
They gonna make shit on straight, I tell 'em eat and you ate
Don't ever tell me you love me, I know that love turn to hate
They ask me why I keep rapping bitch I got something to say
And if you ain't here to help me then get yo' ass out my way

I'd be mad too, yeah, I'd be mad (shit, you know, if I was broke as fuck I'd be mad at him)
I'd be mad too (shit, if I ain't had nothing going on like he ain't got nothing going on, I'd be mad at him)
I'd be mad, yeah
I know that they was sure we doing bad I know I made them mad
They know I keep a pocket full of cash I'm never chasing that
They know I keep them shooters with me they will never catch me slip
The police come to fuck my whip, they wanna give me a ticket, yeah

(Boosie Badazz)
Oh you mad, well nigga look

Shoot you down in broad daylight, I don't play by the book

Stomp you, I'll deal with it later, we gon' take the scary route
Bitches see me and they shout, they love that dick, they cumming
Why you mad, you could fuck the same hoes you was giving some money
Get out your feelings, sweating my dick won't make you no millions
I'd probably be mad if I couldn't take care of my children, rock all you bitches
But the shoe's, on the other feet, remember you can't fuck with me
Every nigga 'round me got bodies, I'm talking two or three
