

Don't Trust Her

Ralo

Never put your trust in a bitch
Cause bitches do what bitches do
You got a girl with no benefits
Then that bitch can't do shit for you
Never put your trust in a bitch
Cause bitches do what bitches do
You got a girl with no benefits
Then that bitch can't do shit for you

Never put your trust in a woman
All these bitches want me, I know all these bitches lonely
That's why they gon' fuck the homie
I would never trade on my niggas for no bitch, no
Oh they tryna turn up on a nigga, tell 'em sit down
Lil nigga you rich now
Can't get a dollar out a bitch
Never problem solve the bitch
Don't cross your dog about a bitch
Mama said don't ever kiss
They kissing you, they kissing dick
I bought my bitch designer shit
Told her stay from 'round the bitch
Bitches ain't acting the same, I know the bitches be changed
I charge that shit to the game, I gotta stay in my lane, yeah
I know them bitches were lame, bitch it ain't hard to explain
How could I ever complain? All of these bitches the same
They just want some of the fame

Never put your trust in a bitch
Cause bitches do what bitches do
You got a girl with no benefits
Then that bitch can't do shit for you
Never put your trust in a bitch
Cause bitches do what bitches do
You got a girl with no benefits
Then that bitch can't do shit for you

Shout out to Trisha, had my nose open like a freeway
Head so good I believe everything she say
Partner tried to warn me 'bout the bitch but I was blinded
To that fat ass in water had that came right behind it
Even took the bitch to Mondu, that baby she grinded
So everything you see in these streets shine ain't a diamond
Bitch hurt my heart for real when she fucked my partner
It played it to me crying, man this bitch deserve an Oscar
So I just shoot the shit with these bitches just for pleasure
And daddy told me I can't control shit I can't measure
That's a whole pussy nigga, real shit nigga
Can't control no pussy nigga, you can't mess with that shit

Never put your trust in a bitch
Cause bitches do what bitches do
You got a girl with no benefits
Then that bitch can't do shit for you
Never put your trust in a bitch
Cause bitches do what bitches do
You got a girl with no benefits

Then that bitch can't do shit for you
