

Everyday

Ralo

See everyday...

Everyday we gotta get us some money nigga

Don't nobody wanna see you make it, aye

These niggas talk behind your back, these niggas fake yeah

I told my momma ain't no rules out here baby, aye

My momma told me keep that tool on you baby yeah yeah

See everyday I'm trappin' tryna make it yeah

These niggas broke and I'm allergic, this shit contagious yea yeah

I told my momma I can't lose out here baby, aye

See I got way too much to lose out here baby yeah yeah

Fell in love with my niggas

I cannot live without 'em

They my partners, I wouldn't trade 'em for a million dollars

Momma, buying this jewelry became a bad habit

If I told you what I paid then you'd be mad at me

Call me stupid, Bentley coupe it, I drive it like a hooptie

Them haters wanna shoot me but be scared to do something to me

We'll frie your whole block without the eye on

Me and my niggas done caught more cases than a Iphone

I'm in the block with the Bentley

They tried to forget me

They tried to come get me

It got me convicted

They tryna pipe up, we gon' bring them pipes out

You in the wrong place fucking with the right guy

Don't nobody wanna see you make it, aye

These niggas talk behind your back, these niggas fake yeah

I told my momma ain't no rules out here baby, aye

My momma told me keep that tool on you baby yeah yeah

See everyday I'm trappin' tryna make it yeah

These niggas broke and I'm allergic, shit contagious yea yeah

I told my momma I can't lose out here baby, aye

See I got way too much to lose out here baby yeah yeah

I heard that they've been talkin' bad 'bout me

Before them niggas try that shit, they better ask about me

I bought my bitch so much shit that I don't know what to get her

I told her [?] bein' a real nigga

Everyday Imma make 'em hate that they took me down

They see me turned up everyday, them bitches want me now

We used to go steal at the damn mall

You can close your eyes cause you'll never see the fam fall

Came from them bandos, now I'm in them Lambos

Fuck with my fam-o I turn into Rambo

I promise, I swear, won't lie, can't lie

You touch, my guy, yo ass, gon' die

Don't nobody wanna see you make it, aye

These niggas talk behind your back, these niggas fake yeah

I told my momma ain't no rules out here baby, aye

My momma told me keep that tool on you baby yeah yeah

See everyday I'm trappin' tryna make it yeah

These niggas broke and I'm allergic, shit contagious yea yeah

I told my momma I can't lose out here baby, aye

See I got way too much to lose out here baby yeah yeah
