

# Heart Broken

Ralo

I don't know, which way to go, I'm tryna get there  
I seen it come, I seen it go, but I ain't sit down  
Never quit, I'm never quitin', I'm never gonna quit  
Never trust, never trust a man or a bitch  
Been in my bed havin' fits, cause ever since I got rich  
Momma need her hair fixed, she keep on askin' for shit  
Mom could you give me a break?  
I gave you some yesterday  
But you keep askin' for more, that shit hurt me to the core  
That shit hurt me to the core

Yesterday I went to the block, that shit didn't look the same  
I will never fuck with' them blocks, that shit don't cook the same  
Every day I'm tryna make a dollar  
I'm truly blessed, you know I took care of all my partna's  
I tell 'em yes  
Fuck the best I am better, young nigga black and clever  
Don't never fuck with' me if you can't fuck with' me forever  
Stickin' tight to the code, tryna get right with' the bro's  
Sneakin' pipes into shows, is we gon fight? I don't know

I don't know, which way to go, I'm tryna get there  
I seen it come, I seen it go, but I ain't sit down  
Never quit, I'm never quitin', I'm never gonna quit  
Never trust, never trust a man or a bitch  
Been in my bed havin' fits, cause ever since I got rich  
Momma need her hair fixed, she keep on askin' for shit  
Mom could you give me a break?  
I gave you some yesterday  
But you keep askin' for more, that shit hurt me to the core  
That shit hurt me to the core

Lately, dog, my life been in a circle  
I got to tell my wife, I didn't mean to hurt you  
Lord have mercy, I'm a person, gained a lot of flaws  
This ain't a first cause, bruh, at first I was thinkin' out loud  
Said listen, dog  
I might not be that person you wanna be, but come  
I might not be smart as dumb, but I ain't never been dumb  
Yeah I can give you some, but you can't get it all  
Before I learned how to walk, you know I had to crawl

I don't know, which way to go, I'm tryna get there  
I seen it come, I seen it go, but I ain't sit down  
Never quit, I'm never quitin', I'm never gonna quit  
Never trust, never trust a man or a bitch  
Been in my bed havin' fits, cause ever since I got rich  
Momma need her hair fixed, she keep on askin' for shit  
Mom could you give me a break?  
I gave you some yesterday  
But you keep askin' for more, that shit hurt me to the core

That shit hurt me to the core  
That shit hurt me to the core  
That shit hurt me to the core  
That shit hurt me to the core
