

# Run It Up

Ralo

Ooh, Twist  
I lost 140 thousand dollars this mornin', right?  
You can look at me, you can't even tell I lost that shit  
Still smilin', nigga  
Yeah

You can't tell that we lost shit (lost)  
Still ball 'til exhausted  
I can put my bitch to work everyday  
And she'll still be a boss bitch  
Ever since I put my niggas on  
They ain't never seen the off switch  
I ain't never talkin' to these niggas  
All these niggas do is talk shit  
Run them bands up, I run it up  
I ain't never pressed to pay the bond  
Niggas always askin' me for some  
What the fuck you think I'm workin' for?  
Run them bands up, I run it up  
Nigga, what you think we workin' for?  
Niggas always askin' me for somethin' (why?)  
What the fuck you think I'm workin' for? (Yeah)

I took a loss  
It still look like I'm winnin', don't it?  
Never look down on a boss  
You know we turn up at any moment  
Fell off, got right  
Fell again, got back right  
Fell again and I fell again  
I ain't think that I would ever win  
They don't about the trips I had to take to them mountains just to get them bags  
They don't about the shit I lost on them plane trips tryna get 'em back  
They don't know, they don't know  
They don't know, I know they don't know  
They don't know, they don't know  
They don't, they don't, they don't know  
They don't know about the shit I go through  
I don't know nobody I can go to  
What if one day I approach you  
And tell you some shit that nobody told you?  
What if I told you that I was different?  
What if I told that I've been given  
More than half the shit I been gettin'? (Damn)  
Would you still wonder how I'm winnin'?

You can't tell that we lost shit (lost)  
Still ball 'til exhausted  
I can put my bitch to work everyday  
And she'll still be a boss bitch  
Ever since I put my niggas on  
They ain't never seen the off switch  
I ain't never talkin' to these niggas  
All these niggas do is talk shit  
Run them bands up, I run it up  
I ain't never pressed to pay the bond

Niggas always askin' me for some  
What the fuck you think I'm workin' for?  
Run them bands up, I run it up  
Nigga, what you think we workin' for?  
Niggas always askin' me for somethin' (why?)  
What the fuck you think I'm workin' for? (Yeah)

I put in hard work  
Yeah, I work, that hard work, yeah  
You gotta put God first  
God first, God first, yeah  
I done seen fireworks  
I'm the nigga, had the fire first  
Ask Scooter, ask Future  
I'm the nigga, had to buy a verse  
I never came with my hands out  
I always been the one to hand out  
Any time my people needed somethin'  
You know I came with them bands out  
Any bitch that I ever fucked with  
I bought her more shit than who she fuck with  
Don't never play, I'm 'bout that fuck shit  
Ask them niggas that I grew up with  
I always stood on my own two  
Did everything I said I'm gon' do  
I never threw a rock and hid my hand  
From a dope boy to a business man  
Still in the hood, still posted up  
Still ridin' a Lamb' through the bluff  
Still grind like I ain't got shit  
'Cause a couple million dollars ain't enough

You can't tell that we lost shit (lost)  
Still ball 'til exhausted  
I can put my bitch to work everyday  
And she'll still be a boss bitch  
Ever since I put my niggas on  
They ain't never seen the off switch  
I ain't never talkin' to these niggas  
All these niggas do is talk shit  
Run them bands up, I run it up  
I ain't never pressed to pay the bond  
Niggas always askin' me for some  
What the fuck you think I'm workin' for?  
Run them bands up, I run it up  
Nigga, what you think we workin' for?  
Niggas always askin' me for somethin' (why?)
