Ralo

I'm the greatest story ever told
None of these bitches won't let him go
I put this dick off in every ho
I'm gon' buy Scooter Lil Mexico
They keep on saying I'm signed
Labels ain't gave me a dime
Look at this muscle and grind
Tell all them niggas this [?] is mine
Tell them niggas I'll never trust 'em
Tell them bitches I'll never fuck 'em
Young nigga got on that hustle
Young nigga got on the grind
Told 'em in time, I'll turn my bitch to a dime
Now that lil bitch looking fine
We doing fine, all of these niggas be lying
Bitch ain't be wasting my time
Me and my niggas, we did it first
All of the hating gon' get 'em hurt
We gon' get louder than any church
They did 'em bad but we did 'em worse
I need ten for a verse, I need the money first
You ever snatch my hoe's purse, she gon' get reimbursed
I promise, play with this shit if you want to
I promise it's nothing I won't do
I promise it's nothing I won't do
None of these bitches don't want you
All of these niggas be making me laugh
They just want something to have
All of these niggas be cab, all these niggas be giving me dap
Tell them niggas I doubt that, tell them niggas I won't help
Shoot the bitch and they won't jail him
I get any bitch I want now
I ain't a rapper, I'm fam
I was out wrapping the grams
My niggas don't give a damn
These niggas know who I am
Fuck 'round my team and get blammed
All of that hate in the past, my niggas making that cash
Me [?] gon' put on that mask, I promise these niggas getting blast'
Where the fuck these niggas at? They gon' wish we never met
Them niggas gonna regret, they got my niggas upset
Ralo pull up in the bluff in that 'Vette
All of my enemies know where I'm at
I got that check (I got that check)
Baby you know that we floss on my ex
I do not tolerate no disrespect
All of my niggas gon' go where you at
I'm at they neck, I'm at they neck
Tell all them niggas your money up next
