Yeah

I drop the top and go get it, fuck whoever ain't with it  
I know them haters offended, I did it without they permission  
I hit that block with that perfect attendence  
These niggas broke, they gon' cross you for pennies  
I know some niggas that's with me ain't with me  
So I will not never put them in my business  
Fuck whoever ain't with me, tell 'em stop my business  
Fuck whoever ain't with me, tell 'em stop my business  
I know some niggas that's with me ain't with me  
So I will not never put them in my business  
I know some niggas that's with me ain't with me  
So I will not never put them in my business

I'm going back independent, I know the label offended  
Everything you see, I did it, they ain't even spend a penny  
Sent the label 'bout the whole advance, I don't need a bitch to hold my hand  
You know I stand my own man, I don't need a nigga for nothin'  
Bought my own house, bought my own car  
Bought my own shit, got my own bitch  
Got my own clique, ride my own dick  
I'm a nigga always had his own shit  
Every time they see me, they like, "Oh shit"  
And every time they always ask to hold shit  
I don't owe shit, I don't know shit  
And don't get mad if I fuck your old bitch  
Niggas sours, gettin' into they feelings  
You gotta be different to make a difference  
I chase a bag and I just be chilling  
A fuck nigga can't say nothing to me  
If you ain't with me then it's fuck you too  
I had to cut all them busters loose  
These niggas lyin', tell 'em tell the truth  
And to tell the truth, these niggas through

I drop the top and go get it, fuck whoever ain't with it  
I know them haters offended, I did it without they permission  
I hit that block with that perfect attendence

Lil' nigga love to hustle, come up on the corner  
Dog ass nigga, three Cuban link chokers  
Dope boy shit, pull up in a Testarossa

What's that pokin' out my shirt? That's a super soaker  
Put my bitch in a Range Rover  
Twenty minutes in the Margiela store  
Twenty thousand was the total  
Runnin' the trap, I'm a mogul  
I smoke the best weed, never sober  
No Master P, bitch, I'm a soldier  
Addicted to this shit that I told you  
Every nigga ever hated on me  
I made it my business to pull up and shit on 'em  
Damn, my bad  
I ain't mean to pull up with three hundred thou' on my wrist on 'em  
Nah, for real  
I'm the type of nigga, pull up, shit on you and your big homie  
Why you mad at me?  
'Cause we made a whole lot of sacrifices, now we get money?  
Today, I might pull out the drop  
Pour raw up in my soda pop  
Rose presidential watch  
Smokin' weed, back of the double R

I drop the top and go get it, fuck whoever ain't with it
