

# Summer Lightning

Ralph McTell

Move over here  
Come on, sit down beside me  
Oh, closer now  
Come and put your arms, put your arms around me  
Oh you had a bad day too  
And I feel the same as you  
Come on, sit down

It's just that when I get mad  
I end up saying things  
If I thought about I wouldn't ever say  
And I think that you already know that  
But I'll say it anyway  
Oh, I'll say it anyway

It's just that when I get mad  
I end up saying things  
If I thought about I wouldn't ever say  
And I think that you already know that  
But I'll say it anyway  
Oh, I'll say it anyway

Don't let the day go down  
The two of us still fighting  
It's not a storm at all  
No it's only summer, only summer lightning  
And we still got the night  
So there's time to put it right  
Let's go to bed
