

## Take It Easy

Ralph McTell

I took a little day trip, found myself in France  
Heard that stuff about the Paris gals and thought I'd take a chance  
Wound up in a sidewalk bar, turning a lady's head  
When she agreed to go with me, why to myself I said:

"Don't you know, didn't you go, if you give me half a chance  
I'll be back on a steamboat, mama, gonna make it back to France  
Well, you gotta take it easy, but you take it if you're gonna find romance"

All you need is a couple of drinks, that's what the lady said  
All you gotta have is a "verre" or two of wine, and you're much more fun in bed  
I was young and inexperienced, but I gave her my all  
I woke up with an aching head and read this note on the wall:

"Don't you know, I had to go, I swear I give you half a chance  
Well, you take it easy, but you take it that's the way we do it in France  
Well, you gotta take it easy, but you take it if you gonna find romance"

I learned a lesson or two that night several the next day  
Like how a man should carry himself when he goes far away  
In spite of it all I'm happy you can call me a crazy fool  
But I got a lesson or two that night I could never have got at school

Don't you know, don't you know you gotta take the chance  
I'm going back on the steamboat, mama, gonna make it back to France  
Well, you gotta take it easy, but you take it If you're gonna find romance  
If you're gonna find ro-  
If you're gonna find ro-  
If you're gonna find romance
