

Declaration of Independence

RAM

I pledge no allegiance
I bow to no flag
I am a sovereign nation

No force can hold me
No gods, no masters
I resist all authority

Hereby I decalre
Independency
I am too aware
To obey dlindly

I see through your smokescreens
Your mirrors and lies
I'm deaf to your propaganda

I will never be
One of your sheep
Anti flock mentality

Hear the national anthem of me
Standing tall, I am strong, I am free
They can never chain what is within
Even in death I will always win

My god is freedom
To it I sacrifice
My path is littered with thorns

My life is my own
And so is my death
I ask for nothing else

I pledge no allegiance
I bow to no flag
I am a sovereign nation

No force can hold me
No gods, no masters
I resist all authority
