Ramengvrl

Hello?

Oh my God

There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her

(Oh my God)

There ain't nobody like me, fresh as fuck like me  
Kakkoi, kawaii, both sides look good on me  
Labels wanna sign me, I just say how much money  
The way they tryna copy me, and put it on somebody  
They know I'm iconic  
The way I'm mixing Ramayana and Balenci? (I got crazy fits)  
Know I'm gonna make it big  
You bitches only want the comments  
All these bitches basic, so boring

There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her

(But to be honest, I've had people think that I'm insane)

(Like, literally)

I'm tryna pull up, I ain't invited though  
That's my fault  
I'ma do what Kanye did to Taylor like it's my show  
Oh! I'm so bipolar  
That's why I'm drinking diet soda with a side of fried donut  
It make perfect sense (What?)  
If I did it then you do it later (True)  
I ain't playing no games with ya  
We don't need a commentator  
It's a different league  
Me always on fleek (Sheesh)  
Got your girl deceased  
May she rest in peace  
Ain't no, ain't no, ain't nobody do it like me  
She said "I ain't never seen nobody bougie like he" (Flex)  
Soon as I get shot up with the vac, I be off to INA  
Take a mie soto bath  
Ya Tuhan, I'm so insane

There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her

There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her  
There ain't no motherfucker like me in the streets  
Won't you tell me if you seen her

Already lit when I'm born  
Celebrate it 'til the dawn  
If you hate me, wassalam  
If you hate me, wassalam  
Already lit when I'm born  
Celebrate it 'til the dawn  
If you hate me, wassalam  
If you hate me, wassalam  
(Bye)
