

# Gippal

Ramengvrl

Gippal, I'ma go  
Gippal, man this shit lethal  
And we ain't smokin' legal (What)  
I don't care, I don't care, I don't care (What)  
Gippal, I'ma go  
Gippal, man this shit lethal  
And we ain't smokin' legal (No legal)  
I don't care, I don't care, I don't care (What)

Bitch, haven't you got a clue  
Talk to me nicely or I'ma sue you  
I was an alien and I ain't never cool  
Now look who just text me and askin' for a view  
Followed all the rules that don't get me no where  
Yeah I was a fool, now people know me  
I have been a Sora  
Man that shit square  
I was blind now I'm woke  
Bitch don't you dare  
Gotta call my mama, tell her no worries  
Soon we get a chauffeur  
I used to think if I had a remote I would skip my life to death  
Now I want this shit forever like

I agree to everything that people say  
You ain't gonna be somebody, how much do you wanna bet  
Used to be a regular but I quickly switch it up  
Now all I can say is "thank god I ain't average"

Gippal, I'ma go  
Gippal, man this shit lethal  
And we ain't smokin' legal (What)  
I don't care, I don't care, I don't care (What)  
Gippal, I'ma go  
Gippal, man this shit lethal  
And we ain't smokin' legal (No legal)  
I don't care, I don't care, I don't care (What)

Someone tell this bitch, tell 'em who the fuck I iz  
Someone tell this bitch, tell 'em who the fuck I iz  
On a killing spree, no apology  
Yeah I'm the cleaner, I deserve this shit  
Pull up in the scene, like a moshpit  
Now I'm so high, like a cockpit  
They call me the queen, I'm gon' be the king  
Bitches gon' be on their knees, begging for a plea  
I'm the blacksheep in the family, ask anybody  
Now I got the most win, ask everybody  
Is a truth, is a fact  
I'm gone Gippal, leader of the pact

I agree to everything that people say  
You ain't gonna be somebody, how much do you wanna bet  
Used to be a regular but I quickly switch it up  
Now all I can say is "thank god I ain't average"

Gippal, I'ma go

Gippal, man this shit lethal  
And we ain't smokin' legal (What)  
I don't care, I don't care, I don't care (What)  
Gippal, I'ma go  
Gippal, man this shit lethal  
And we ain't smokin' legal (No legal)  
I don't care, I don't care, I don't care (What)
