# Let Em Be

**Ramengvrl**

Whoa, I'm a let 'em be
Never stop the grind and I will let 'em see
Oh-na-naa
I'm a let 'em be
Go and talk about me when I'm spending overseas like
Woah, I'm a let em be, I'm a let 'em talk shit about me like
Woah, but they talkin crazy
Never stop the grind and I will let 'em see

(Ramen)
Back in Indo they think I'm a Muslim
Cause I say Alhamdulillah all the time, I always win
Back that ass up, do it for the money and the clout
I ain't gotta do all that, still make my mama proud
Spinnin round like a helipad
Fly like a maxi pad
Still have my focus on
Yeah, that's a fact
So if they say that I'm faded I'm jaded that's a lie
I will never ever stop prolly till the day I die
Why y'all mind so simplistic
Everytime I'm in the booth that shit go ballistic
On a payroll, at the end of the month you eating biscuit
I can see how much you get judgin from your lipstick

Whoa, I'm a let 'em be
Never stop the grind and I will let 'em see
Oh-na-naa
I'm a let 'em be
Go and talk about me when I'm spending overseas like
Woah, I'm a let em be, I'm a let 'em talk shit about me like
Woah, but they talkin crazy
Never stop the grind and I will let 'em see

Looking at the progress man I say this shit is lethal
Yea I'm feelin myself they should call me masturbator
I don't need to hold my own, I don't need to explain shit
Tell her to go home, I don't have time for the bullshit
Man, what the fuck u want?
If I ain't feelin all your vibes I don't need to get along
Never ask for no handouts, I do what I do
Cause when the time is right it'll all come back to you
Like whoa
Nevermind your opinions
Why you on to me when you look just like my minions?
Tell me to succeed but pray that I will never be
I just let my wins do the talkin go and let em see
(Like what?)

Whoa, I'm a let 'em be
Never stop the grind and I will let 'em see
Oh-na-naa
I'm a let 'em be
Go and talk about me when I'm spending overseas like
Woah, I'm a let em be, I'm a let 'em talk shit about me like
Woah, but they talkin crazy
Never stop the grind and I will let 'em see
