

Onto The Next

Ramengvrl

(And I'm on... to the next...)
(And I'm on... to the next...)

And I'm on... to the next...
On the day you leave me
On the day you leave me
Yea, I'm on... to the next...
On the day you leave me
On the day you leave me

And I'm okay in case you're wondering
But you know well I don't need your sympathy
And I'm just fine by the way I'm cashin in
And tonight I got a new man next to me

Summertime
Yea, we met that time
In all honesty
You were in your prime
Yea, I was a fool
For even wanting you
But understand that
I was young and I was dumb

Next thing you know (boy) I was yours and you were mine
You was on my mind, boy legit you were my only slime
Everything was fine (woh) it was wine and dine (woh)
We Bonnie and Clyde shit, yea, we did that crime (woh)

Thought you were my ride or die
Turns out you a fuckin liar
Boy you just a waste of time
I can see it with my eye
And I don't know what you're into
But I realize I don't wanna be with you

And I'm on... to the next...
On the day you leave me
On the day you leave me
Yea, I'm on... to the next...
On the day you leave me
On the day you leave me

And I'm okay in case you're wondering
But you know well I don't need your sympathy
And I'm just fine by the way I'm cashin in
And tonight I got a new man next to me

Come to think of it, we ain't even that compatible
Can't imagine all this time I've been actin so irrational
You not even in my ex list, just another ex dick
Now you callin me when I made it, bitch you wish wish (ya ya)

See me drippin made you wish that you could have this
Should've seen me when I get my bag, man it's massive
And you know I got 99 problems but you not it
Go and think about how you gon pay up all this damage

You ain't even change since the last time you were leaving
Now I'm boo'd up, I can see you catchin feelings
Can we not talk it out, can we just cash it out? yea
(Haha) don't even wanna know your whereabouts

And I'm on... to the next...
On the day you leave me
On the day you leave me
Yea, I'm on... to the next...
On the day you leave me
On the day you leave me

And I'm okay in case you're wondering
But you know well I don't need your sympathy
And I'm just fine by the way I'm cashin in
And tonight I got a new man next to me

And I'm on... to the next...
(But I realise I don't wanna be with you)
Yea, I'm on... to the next...
(Don't even wanna know your whereabouts)
And I'm on... to the next...
(We Bonnie and Clyde shit)
Yea, I'm on... to the next...
