When I'm on a roll, I still keep it on the low
We don't do no All-In, 'least a 30 for a show
Even when I'm not cookin, I still heat up the stove
We don't recognize u, (what) man u shud go
Been around but never find me
Always hatin, never at me
Don't care bout the fame
Long as they all know my name
There's no reason for the grind
If u see me then u know it
I been workin for my family
Also for my new balenci
People tryna bring me down, keep my eyes up on the checks
Always givin out my best, I just let God do the rest
Haters tryna test me, all these bitches is a mess
T-t-tryna be somebody, I don't wanna be less

On my grind, never stop
Look at we, this on God (this on God)
It's that time, bout to shine (okayyyy)

If these guys complainin, didn't I tell em I'm a rolling stone?
I should do these bitches clearance, they all look like rag n bone
If it ain't about the money, why the fuck u on my phone?
Ask me why I'm not replying, bitch u know I'm in my zone
I just paid a couple tax
I just gave my mama bag
I just paid my daddy bills
Bitch u know I'm bout that mil
I just made a couple fortune dunno what to do with it
Lookin like a president by the way we pass these bills
Woah, see me swish
Lowkey fancy, call me miss
Bitches jealous, I just blow a kiss
Makin hits while they keep on makin diss

On my grind, never stop
Look at we, this on God (this on God)
It's that time, bout to shine (okayyyy)
