

Break Yosef

Ramirez

It's the mothafuckin' murderer
Kickin' in yo' house bitch
Run up on a busta' clique
And show 'em what the "Grey" is
You know this girl don't be no hoe
Run it up, it's toe to toe
Break a mothafucka'
Make that mothafucka' hit the floor
Gripping on the fucking gauge
Show these bustas' all my rage
Grey Gorilla, Mystic Mac G
Hot out the fucking cave
Hit a nigga with a beam
Hear his momma fucking scream
Lurking in the dark at night
Got it from my Uncle Ritchie
Coming out the fucking cuts
I put the blade inside yo fucking friends
Triple Six: my carrier
I promise you can't fuck with this
Living by the five-nine
A savage on a fucking hunt
Whipping off the Nina
Bitch, I promise you don't want no funk

It's the Grey, the five, the nine
The murder, suicide
Decapitate a mothafucka'
Leave 'em by the riverside
Resurrected by the devil
[?] I'm on a path of vengeance
Powered by the crescent moon
Fuck the judge
Bitch, I'm your sentence
Creeping out the cuts
I put the red dot on your temple
Ever since I came up out the cage
I've used my weapons instrumental
Bitch, you think you slick
'Cause you runnin' out yo' mouth
I'ma be that mothafucka' you gon' have to worry 'bout hoe
