Ramirez

Running through your block bitch  
All my niggas with this shit  
If you talking all that head  
Leave your ass out bloody bitch  
That Gucci rag up on my face  
I ride my diamond tears hoe  
I flex on hard up on these bitches  
That they bring my gas flow  
Throwing elbows in the [?]  
Blowing on that chronic shit  
Let me see you roll one up  
All my niggas in the back n' we getting crunked [?]  
Fuck whatchu' you mean you can't fuck with me?  
All my niggas running through your block with that triple beam  
Skrr skrr  
Running through your block bitch  
All my niggas hot bitch  
Latino you be burning up  
You ain't concerning us  
Moving bricks and selling works  
All you niggas looking hurt  
  
Ride my diamond [?]
