

Glock in My Draws

Ramirez

Rolling up on a purple sex
Smoking on that mary jane
Ridin' slow n' I'm switching lanes
Candy paint drippin' off the frame
I've been doing my thang PIMP, same shit I'm playa hoe
Pimping on these red bones, I am stacking up my fucking dope
Riding through that third coast, hit my brother LBO
Smoking on codeine, but fucking bitches now be throwing up
Purple shit up in my cup, coastin' through that west side
Them palm trees, them sunsets, them bad bitches who wanna ride

Playa pimpin', lavish livin', smoking dope, good weed and bad w
omen
Lifestyle of a fucking boss, stop my car then watch me floss
Make these moves, stacking dope, choppin' blades in a [?] slope
My nigga Drae is pushing crowns, switching lanes while he is ge
tting dough
Nigga you thrill, or nigga you fake?
Leave that shit on a long star state
Schooled up clicks's [?] nine nine eight, but the young little
nigga coming straight from the bank
Do my thang, pimp these sluts, bumping Mac Dre that's wassup
Put some candy in my cup, pass this blunt, cause' I got this...
