

Hollow Tips

Ramirez

Mob in the Benz, '87 to '24
Skate in the scene, AMG cuttin' up the floor
I'm seldom seen, somethin' you never seen before
Gorilla, just another one to walk around, the truth be told
Let me explain, just another product of the game
Numb to the pain 'cause any day, it can start to rain
Still, I remain with nothin' to lose, but much to gain
Movin' with precision, strategically and ain't shit gon' change

You make a move, I introduce you to the hollow tip
You talkin' shit, but every day, you swingin' on my dick
Don't play the game unless you suckers steady come equipped
Fuckin' up and fumblin', you're quick to bite the fuckin' clip
You make a move, I introduce you to the hollow tip
You talkin' shit, but every day, you swingin' on my dick
Don't play the game unless you suckers steady come equipped
Fuckin' up and fumblin', you're quick to bite the fuckin' clip

Don't make a move unless you busters willin' to lose
Bendin' the rules, come walk a mile inside Rami's shoes
Get it confused, you pay the price and it comes with dues
Suckers got no options, a motherfuckin' player can choose
Smoother than butter, pussy niggas, they stutter
Foldin' up under pressure, can't make no plays at the buzzer
Bitch, watch the temper, comin' straight out the gutter
Rami somethin' like Raiden, now watch me hit 'em with thunder

You make a move, I introduce you to the hollow tip
You talkin' shit, but every day, you swingin' on my dick
Don't play the game unless you suckers steady come equipped
Fuckin' up and fumblin', you're quick to bite the fuckin' clip
