So much water drippin' up off me, you can call me young Poseidon
I walk on water, fuck a JV, bitch, I'm a starter
Come check this test, my nigga, you gon' have to ball lil' harder
Yeah, I been swervin', poppin' pillies and sippin' bourbon
Click-clack and dice, and dip, and whippin' in something German
I'm baggin' bitches, the prime example from rags to riches
Couldn't break off shit but now you see me flossin' something different

Straight up out the circle, freak bitches doin' you dirty
Suck yo' dick, then take yo' money, leave yo' pockets broke and hurtin'
Killers run up to you, snatch your chain, they take off with your life
Dope dealer servin' fiends, sacrifice him to the pipe
Ain't no stressin' how I'll never fold, I'm stickin' to the G-code
Never frontin' with no bitch unless it's all about the C-notes
'Cause it's purse first, ass last, Rami' been about the cash
Rollin', duckin', screamin', fuckin', bangin' Screw, I'm 'bout to slap
