Ayy

Exotic [?] as I'm whippin' on them Forgiotos  
Plottin' my come-up, surfin' the concrete in that Eldorado  
Glass back, hearin' me barkin', swervin' up through the streets  
Roll me up a blunt but make sure it's up in the Russian cream  
Rollin' my dice, hopin' I hear the four-five six  
Life is a bitch, but I'ma make sure I'ma die rich  
Standin' alone, don't give a fuck about a fuckin' bitch  
Straight to your dome just like a sniper scope when Rami' spit  
Murder, murder, there goes another emcee dead  
Peanut butter interior inside of my lead sled  
Movin' with caution, boys be snitchin' to the Feds  
Makin' sure my kinfolk straight before I take my last breath  
It's just another day like this  
Tryna push and lit 'em off before I kick the curb and dip  
I'm on that Late Nite Tip  
It's 'bout three up in the mornin', runnin' red lights, burnin' down the zip

Ayy, I keep my head up when it's raining  
Comin' up from nothing so I started workin' the pavement  
Hustle on a daily basis  
Movin' with precision, collectin' all of my payments

Ayy  
I'm sippin' on cognac, wicked thoughts is invadin' my head  
This zany done got me clicked and trippin', grippin' tight on my TEC  
Done seen these pussy niggas get pistol-whipped and slapped out of their dreads  
Bet your bitch was givin' head while she left your ass up on read  
I wait on my enemies, hit 'em with thunder  
Knock 'em down with the lightsaber [?]  
Niggas wishin' they could fuck with the ape, but don't measure me  
They be prayin' on my downfall  
Gun cocked, gunshot, I'll up the fire and let it off

Ayy, I keep my head up when it's raining  
Comin' up from nothing so I started workin' the pavement (Uh)  
Hustle on a daily basis  
Movin' with precision, collectin' all of my payments
