"Worship that? Never!"  
"Better to reign in hell than serve in heaven, is that it?"  
"Why Not!?"  
(There's a God in you)

G\*59 bitch, better watch your back hoe  
Gun clappin' body baggin'  
Leave a busta on the flo'  
Betting all of them fuck with a God  
Waking me up fore' my son go (scope)  
When I rage in hunger  
Fucking the game and I'm using a rubber  
Got that  
Bitch I'm a beast  
Levitating over the seat  
Niggas be talkin' and runnin' they mouth  
And don't even know what the fuck they see, ok  
Foe foe with the row row  
Nigga this your fucking lucky day  
I'm with the whip with the shotgun seat  
The devil's all in my head mane  
Talking to demons I'm losing my mind  
And I'm gripping the Glock and I cock it back  
Pulling the trigger I'm rubbing my razors  
I hang from the tree and you witness my pain  
Don't give a fuck nigga creeping out the cut nigga  
Rollin' through your fucking hood  
I came to fuck shit up nigga (rah)
