

# Never Switched

Ramirez

See, I don't give no fuck 'bout what you on or what you claim (Nah)

They sayin', "Mikey switch up," I don't ever wanna change (I can't)

And if they say I'm different, well, my bitch still look the same (Why?)

Ayy, I'm just gettin' smarter and my momma got a Range (She do)

The candy paint be drippin', Simmy say it's alright (Yeah)

My migo in the kitchen, flippin' work like all night (Yeah)

We pull out the Wesson, now we bustin' on sight (I do)

Came out with the choppa, boy, we talkin' big bikes (Ayy)

These niggas say I'm switchin', fuck what they say

Got me feelin' like I'm Tom Hanks in Cast Away

You can see the ice that's on my wrist from miles away

And if you got a problem, let the guns spray

Fuck what they talkin' 'bout, I'm rollin' on this lonely road (Lonely road)

You see the dabs upon the range I bought them from the store (From the road)

I spent the check to send my momma down to Monaco (Monaco)

They playing Young Ramirez on the late-night radio

And you know gang is always down to roll

I'm rollin' with the nine, I'm Naruto

I can't never switch up, no I won't

'Cause being me the only thing I know

See, I don't give no fuck 'bout what you on or what you claim (Nah)

They sayin', "Mikey switch up," I don't ever wanna change (I can't)

And if they say I'm different, well, my bitch still look the same (Why?)
