

## On Purpose

Ramirez

MTM, hit 'em with the heat

Bitch, I let my nuts hang, chain swang, smokin' propane  
Diamonds dancin' like a thick bitch ass on the pole, mane  
Box Chevy ragtop, plan another cash crop  
Glasshouse tacked out, driving like it's Nascar  
Whoa, you see the drip? Flexed up, piped up when you see the ki  
d  
Taking flights to London just to take a pic  
Boy, you need a membership to get in this bitch  
Partners just checked out the whip  
Cuban link with the Rolex, got your bitch inside my PokéDex  
Her attackin' move is givin' neck  
Hold up, bitch, this will take another sec  
Pull up to the Louis store and drop another fuckin' check

Pulled up and I took that boy bitch, and I did it on purpose  
Drop a hundred bands on a new whip 'cause you know that I deser  
ve it  
Pulled up and I took that boy bitch, and I did it on purpose  
Drop a hundred bands on a new whip 'cause you know that I deser  
ve it

Drop a deuce, gettin' loose, a hundred proof  
Two sticks, sippin' on the juice, swervin' the coupe  
Don't phase; I'm on my way, I'm gettin' paid  
Caught a case, I did the race, free young Tay-K  
I know they hoping that Lil' Rami is gon' fall off one day  
You see the money gon' never stop once you hustlin', mane  
Been ballin' since adolescence, I'm holdin' tight on my weapon  
Maneuver with no discretion, still fightin' all my depression  
'Cause I ain't never seen a young boss that shouts out like me  
Movin' with the precision, sippin' and lift my pinky ring  
Spend this shit on the gold and enjoyin' all the finer things  
Take a look at my smile and you can see that they gon' bling

Pulled up and I took that boy bitch, and I did it on purpose  
Drop a hundred bands on a new whip 'cause you know that I deser  
ve it
