

Playas Need Love

Ramirez

I'm in the function, drinking on Alizé
Hittin' my two step, on a playa' get away
She's a dime a dozen, tonight we touchin'
She whispers in my ear, "Follow me baby, 'cause we fucking"
Walk up the stairs, the party still going on
She gripping up on my clothes and tryna' get in my zone, uh
Whip out the Jimmy, we gettin' busy
The Alizé start kickin' in and now I'm feeling dizzy
Spark up the blunt, she sayin', "Baby, I love you so"
I tell her, "Nah, baby, that's not how this thing will go"
Rami a pimp and I can never love me a hoe
I grab my clothes and now I'm walking up out the door

Don't stop
Tonight's the night, a playa' needs love
Come take a chance, baby
Lost in your groove and you're happy
The light of the moon hits your body
And the loving won't stop

It's last call when playa' gettin' his swerve on
Come take a ride and taste of the upper echelon
Take your time, it's not a sprint, it's a marathon
How you want it, I give it to you all night long
Baby, would you be my lady?
Back in that apartment, you got me going crazy
Maybe, I'm just a little shady
Never loving bitches, but knockin' 'em on the daily
Break me off when I'm coming through
You can meet me 'round ten at the rendezvous
I'm really getting kinda fond to you
But don't be trippin' on a bitch, 'cause I'mma do what I was paid to do

Bottoms up, money long
Knocking bitches dusk 'til dawn
Diamonds glisten, smoking strong
Catch a rhythm all night long
Bottoms up, money long
Knocking bitches dusk 'til dawn
Diamonds glisten, smoking strong
Catch a rhythm all night long

Don't stop
Tonight's the night a playa' needs love
Come take a chance, baby
Lost in your groove and you're happy
The light of the moon hits your body
And the loving won't stop
Don't stop
(Stop playing games, girl, you know I want you)
Tonight's the night a playa' needs love
('Cause I can't get you off my mind and you know it's true)
Lost in your groove and you're happy
(Stop playing games, girl, you know I want you)
The light of the moon hits your body
('Cause I can't get you off my mind and you know it's true)
And the loving won't stop
