

Shameless Gorillas

Ramirez

It's SMG until I'm in my grave
The reaper come and takes my soul
And sends me where the darkness strips me from existence
Mane
Existence mane

Pull out shottie put holes in his body
Collecting these skeletons is Rami's hobbie
Come the fuck with possse the undying army
The dead amongst living the shameless gang zombie
187 a robbery turned homi
Choppa comes out then this shot will turn sloppy
Extended clip I call the bitch Bitch donkey
I can make your nightmare come true with no place to run to
Send em to the gates of hell
Pull up in a coupe that's gun proof hunt
Demons coming out from the flames where they dwell

The way that I'm feeling
Way that world been bending up for a minute
Been on the hunt for this fuckboy whose spillin
All of the guts to the FED'S because they dealin

So now I'm gon kill him
Now I'm riding with steelin
Because I know how to use it
Bodies get hard off it if we get into it
Charcoals the line would is still be into it
Demon and killaz surrounding my views
What would you do put yourself in my shoes
Big Juice Tha Sip ain't got nothing to prove
Still I'm too shameless got nothing to lose
Why they want to see me dead
What the fuck did I do
Maybe they pissed off that I would be on top
100 jewelry 100 on stocks
Durango Hellcat be costing a lot
I pulled up with Kastro straight off the lot
