Ramirez

Two-eleven, one eight seven, break yourself or go to heaven  
Step into the depths of Hell, the devil is the lovely reverend  
Triple six up in my veins, \$uicide lays in my vision  
Burning down the graceful church, and cursin' all of Mary's chi

Hit em the hittin', bodies gone missin'  
Swimmin' with fishes, bitch, you snitchin'  
I'll catch you sleepin', deep in the trenches got me clickin'  
The soul I'm srippin, empty fulfilling, unforgivin', the devil  
biddin'  
What your religion? Now I'm willin'  
Pull a killin', Rami a villian, graves I'm diggin'  
Fill em with the livin' bring out the glizzlies  
Serpents risen, the blood is drippin'  
Death is my mission with precision  
Begin to drillin', bring me my victim

Triple six up in my veins, \$uicide lays in my vision

Shotgun shells send yo' bitch ass straight to hell (Mane)  
Come and test my nuts and then I beat your ass farewell (Mane)  
Leave your fuckin' witch, better tote your fucking bell (Mane)  
Warlock, put yo' mark ass under spell (Mane)  
Who that mothafucka that be stalkin' in the cold?  
Glock 9 stop you in the tracks  
You reap what you were sowed  
Watch the raven bring me diamonds like I'm Edgar Allen Poe  
Sleep paralysis demon speaking trying to take me for my soul
