

## Where Roads End

Ramirez

Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang

I went from palm trees up in Cali to palm trees up in Miami beach  
Playing with my tec decked out in gold and touching foreign keys  
Dipped in designer fucking the finest bitch a man has seen  
Clippin' Cubanos smoking the fattest blunt of combo trees

2 step

I'm on the neck not letting up bitch

Who's next?

I'll watch yo plate bitch and yo lunch

I got head chefs feeding me all the finest

Cause they're pushing inside the Mustang cause Rami don't give a fuck

Its the west side Loco dippin' in the low pro

Came from nothing I'm fucking up the game

Keep it G though

Sippin dirty 40's and mix it up with the Clicquot

Dropping 50 bands like it's nothing inside casinos

Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang

I went from dreaming and fantasizing 'bout pretty things  
To cashing checks and changing whips like it don't be no thing  
My diamonds went from the ocean give you the sweetest dreams  
The showcase open up my mouth and you see that they go bling  
It's okay we don't play, cause we be huntin' for more

A new bae

With no name, we left them down on the floor

It's on

Should've left the ape inside of the cage and kept it closed

I kick this shit like a holy scripture, my flow is cold

In the Cadi riding the river swangin up on the fours

Diamonds always slick so promise me when I fucking go

Bury me with all of my diamonds and all my fucking gold

Throw me in the dirt and make sure you that you let my name go

Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang  
Creepin', never sleepin', duckin' and divin' as I do my thang
