## **Humankind**

## Ramones

Humankind, it's not fair, why should we all live in fear Humankind, it's a test, to see who's the very best Humankind, don't know why, no one cares who lives or dies Humankind, don't look at me, look at yourself, what do you see

People - always tellin' lies, they can keep their alibi

People - knockin' at my door, how come they want more and more

People - talkin' behind your back, most of them drive a cadilac

People - starrin' at your clothes - I can't take it anymore

Humankind, it's a shame, some don't even know their name Humankind are so strange, some need to be rearranged Humankind, don't know why, no one cares who lives or dies Humankind, don't look at me, look at yourself, what do you see

Beg. The humankind during intro part

Tell me, tell me, who's to blame, for people acting this way
Tell me, tell me, what's so wrong, if humans just got along
Tell me, tell me, tell me please, if psychiatric help is what w
e need
