

# Strength To Endure

Ramones

**C H A**

Walking through across the heart

**C E5 A**

Feeling heavy and hopeless

**C E5 A**

Wonderin' how I ever will

**C H A**

See through this darkness

**C H A C E5 A**

Every drop of blood can be so beautiful

**C H A C E5 A**

And I sure was bleedin' the drops by the bucketful

**C A C G**

I have the strength to endure and all the love so pure

**C A G F**

I have the strength to endure because, because

I'm not afraid to tell her

Just how things work

Ride a hurricane through the fast lane

Always looking over my shoulder

She said there's something about you

And neon lights always glow hot

Baby we can see this through

Just give me all the strength you've got

I have the... (2x)

I'm not afraid...

I have the... (2x)
