Dial Tone

Ramz

Cool, yeah I wrote this

All you're gettin' is a dial tone, yeah
Any time you call, I can't pick up the phone, no
I'm out here makin' milestones, yeah
Don't we look good? Don't we look good?
All you're gettin' is a dial tone, yeah
Any time you call, I can't pick up the phone, no
I'm out here makin' milestones, yeah
Don't we look good now? Don't we look good, good, good?

Any problems, we ain't fallin' out
Any problems and I'm stickin' 'round (Stickin' 'round)
I know we can't even get through it now
I used to show you that I was real (I did)
Everybody think they know you now (Know you now)
But nobody know you as well as I do (No way)
Be careful of the people you choose (Be careful)
Tell me...

How can I wait for your, wait for your
Wait for your love?
When all you did is change on me, play on me
I shoulda known from the start

All you're gettin' is a dial tone, yeah
Any time you call, I can't pick up the phone, no
I'm out here makin' milestones, yeah
Don't we look good? Don't we look good?
All you're gettin' is a dial tone, yeah (Dial tone, yeah)
Any time you call, I can't pick up the phone, no
I'm out here makin' milestones, yeah (Yeah)
Don't we look good now? Don't we look good, good, good?

You want money (Money), you want love (You want love)
You complain 'til you're gettin' what you want (What you want)
You want kisses (You want kisses), you want hugs (And you want hugs)
You aren't missin' that, but...

How can I wait for your, wait for your
Wait for your love?
When all you did is change on me, play on me
I shoulda known from the start

All you're gettin' is a dial tone, yeah
Any time you call, I can't pick up the phone, no
I'm out here makin' milestones, yeah (I'm out here makin' milestones, yeah)
Don't we look good? Don't we look good?
All you're gettin' is a dial tone, yeah
Any time you call, I can't pick up the phone, no
I'm out here makin' milestones, yeah
Don't we look good now? Don't we look good?
All you're gettin' is a dial tone, yeah (Dial tone, yeah)
Any time you call, I can't pick up the phone, no
I'm out here makin' milestones, yeah
Don't we look good now? Don't we look good?

I be in my brain, I be, I be in my brain
I be in my brain
Good, good, good
I be in my brain, I be, I be in my brain
I be in my brain
Don't we look good, good, good?
I be in my brain, I be, I be in my brain
I be in my brain
Dial tone, yeah
I be in my brain, I be, I be in my brain
Don't we look good now? Don't we look good?
All you're gettin' is a...
