January fo December I'll look after you
In the kitchen chef it up, cook up for you
Babes I'm telling you not asking you
If you don't mind passing through
Kick back and relax and embrace the view
Like glass of some wine that's rosé I'm boujee
Now you really wonder why the girls wanna do me
Really and truly you know she's a beauty
I gave it to Sarah then gave it to Lucy

Wa ba mi lo le
Just tell me omoge
Henny or Rose
Je ka jo shaye

Like imagine if I even didn't take you in
Until they posted you up on madeyouthink
Think about it, word word word
LOL did I make you think
Take my time with girl I can't force it
Puma with Ferino look at the way I sport it

She got a Berkin bag but you know you never bought it
Why they lie on Twitter on some verbal ting
Gyal friends set good I bring the whole circle in

Wa ba mi lo le
Just tell me omoge
Henny or Rose
