Power, power, power
You don't got no sauce you're sour, sour, sour

Stack money high like a tower
Make bangers, do shows, get paid
Pay rent buy a car and then make mum prouder
Oh yeah
If I fall for a girl that's a cheater or liar
That's more problems I don't require
Used to be the kid that couldn't inspire
Now my face is on a flyer
So paigon boys stop hating
One million now what you saying?
Just 'cause you ain't got clout or status
And your tweets are lying and pain (oh)

Two man on her line know way she's leaving I'm greasing her
