Thinking about you

But girl your are the one  
The only one for me  
Now will you let me  
Be the one for you?

Want you say yes to me  
Cos yes I'll be there yes  
You're my number one  
Don't you say no to me  
Cos no one else can  
Know you like I do

Else just you as my baby  
Don't you tell me that we  
Should just be friends no...
