

# Kill the Lights

Rancid

N the brinks on the last worst summer night  
It's the lonely asshole with a glimmer of life  
With the kill all the life  
Killer don't care  
Kill we're not going  
Destroying anywhere

Kill the lights! (kill the lights!)  
Kill the lights! (kill the lights!)  
Kill the lights! (kill the lights!)  
Kill the lights! (kill the lights!)

I'm gonna breakout, I'm gonna throw down  
'Cause I already hate you  
It's just gonna drag me down!
