

# Salvation

Rancid

Come on baby,  
Won't you show me what you got there  
I want your salvation, whoa (2x)

There's a neighborhood called blackhawk  
where all the rich people hide  
I was down on my luck working for the salvation army  
The shelter is where I reside  
Everyday we drive into blackhawk  
and we pick up the offerings  
Microwave, refrigerator for the suffering

Come on baby,  
Won't you show me what you got there  
I want your salvation, woah (2x)

I can't believe these people live like kings  
Hidden estates and diamond rings  
I'm a rat out on a mission  
I'm in your front yard under suspicion

Come on baby,  
Won't you show me what you got there  
I want your salvation, woah (4x)

I can't believe these people live like kings  
Hidden estates and diamond rings  
I'm a rat out on a mission  
I'm in your front yard under suspicion

Come on baby,  
Won't you show me what you got there  
I want your salvation, whoa (6x)
