

Alola Form For Me

Random Encounter

Huh... Have you ever heard of "Alola forms?"

A ton of Pokemon have them. Even Raichu!

Hey! I bet even YOU have an Alola form, Pikachu! All we have to do is figure out how to draw it out of you!

Deep in the heart of this island
Lies a species quite far from the norm!
It's grotesque and it reeks, but its big puffy cheeks
Give away it's an Alola form!

Down near the beach, there's a creature
With a neck sprouting tall as a tree!
It's both awkward and weird, but it only appeared
On this island, so 'lola for me!

Come
Alola! Alola!
I know that I've already told ya to
Alola! Alola!
Alola form for me!

Well? Any changes yet?

Longer ears? Rounder cheeks? Perkier tail?

Heh... Sorry...

Once this was purple and gooey,
Now it eats people's trash and turns green!
Once this dug in the ground; now it's cold all around!
All Alola! You know what I mean?

This one was burning and fiery;
And see, this one was pale-furred and fair.
This one changed more than most by becoming a ghost,
And I'm not sure what's up with this hair...

BUT
Alola! Alola!
I won't accept no, cause I know ya can
Alola! Alola!
Alola form-
Alola form-
Alo-la form! For! Me!

..Pikachu? Pikachu, come back now! There's a whole chapter still about Shiny Pokémon! And we haven't gotten to try Mega Evolution yet...
