Fake Hedgehog

Random Encounter

When the world demands a hero
Someone brave to risk it all
When the city needs a savior
It's me who heeds the call
I don't need a friend or sidekick
Cause this hedgehog works alone
You're a knock off don't deny it
You're no hero, just a clone

You're a fake hedgehog, make no mistake
You're not good enough, to be even called my fake

When Robotinic sought for answers
He found them all in me
I lost my friend Maria
So that I could finally see
That the world will need a shadow
To step forth into the light
But you're standing in my way now
And I'm looking for a fight

You're a fake hedgehog, I'm not deterred
By a cut rate hedgehog, who wants to eat his words

You're a poor impersonation
Of the hedgehog they deserve
No one needs the help of a cheap facsimile

You're a brash abomination
And you've got a lot of nerve

To think you'll ever be as good as me

The time is running short now
To bridge this deep divide
And you need my support now
So let me join your side

Why does no one here believe me
I don't need a player two
So just take a hike and leave me
I can do this without you

You're a fake hedgehog
Fine don't come back
You're a fake hedgehog
Same to you you hack
You're a fake hedgehog
